

28th Ulvön Conference on Environmental Economics

Tuesday, June 21

08.00 *Bus from Umeå Plaza Hotel*

10.00 *Bus from Örnsköldsvik bus station*

10.30 *Boat from Docksta to Ulvön*

11.30 *Arrival and lunch*

	Presenter	Title	Chair
12.50	Bengt Kriström, Swedish University of Agricultural Sciences & CERE	Opening of the 28th Ulvön Conference on Environmental Economics	Tommy Lundgren, Swedish University of Agricultural Sciences & CERE
13.00	Richard Tol, University of Sussex & Vrije University Amsterdam	The economic impact of climate and weather	
14.00	Moriah Bostian, Lewis & Clark College & CERE	A productivity indicator for adaptation to climate change	
14.30	Ida Nordin, Swedish University of Agricultural Sciences	A spatial analysis of biofuel as a cost-efficient GHG abatement measure	
15.00	Coffee break		
15.15	Katherine Simpson, University of Glasgow	Comparing ecological and economic outcomes under a payment for results compared to a payment for actions agri-environment scheme	Anne-Sophie Crépin, Beijer Institute of Ecological Economics & Stockholm Resilience Centre
15.45	Toho Hien, Lorraine University, BETA - LSE	Integrating soil natural capital into production functions of ecosystem services in agriculture	

16.15	Stina Kalén, Umeå University & CERE	Willingness to pay for waste collection services	
16.45	Magnus Merkle, Norwegian University of Life Sciences	Beyond scale and efficiency: What about structure? Revisiting the carbon impact of changing economic setups	
19.00	Dinner		

Wednesday, June 22

	Presenter	Title	Chair
09.00	Linda Nøstbakken, Statistics Norway & Norwegian School of Economics	Non-compliance behavior and use of extraction rights for natural resources	Martin Quaas, German Centre for Integrative Biodiversity Research
10.00	Nathan Chan, University of Massachusetts, Best paper award 2021	A unifying algebra of green intermediates	
10.30	Coffee break		
10.45	Sef Meens-Eriksson, Umeå University & CERE	Market power and spatial price discrimination in the waste incineration market	Richard Tol, University of Sussex & Vrije University Amsterdam
11.15	Maria Teresa Gonzalez Valencia, University of Birmingham	The near-miss effect of forest fires: evidence from Western Australia	
11.45	Bartosz Jusypenko, University of Warsaw	The use of experienced utility for the valuation of health benefits of air quality improvements	
12.15	Lunch		
13.15	Martin Quaas, German Centre for Integrative Biodiversity Research	Economics of fish diversity	Linda Nøstbakken, Statistics Norway &

28th Ulvön Conference on Environmental Economics

14.15	Eric Nævdal, Frisch Centre	Exogenous hazard rates and the precautionary principle	Norwegian School of Economics
14.45	Joao Vaz, University of Gothenburg	Adaptation management to exogenous regime shift: The role of non-convexities	
15.15	Coffee break		
15.30	Pei Huang, Leibniz Centre for European Economic Research	Oh Shoot, Don't Pollute: The Effect of Air Pollution on Gun Violence	Adan Martinez Cruz, Swedish University of Agricultural Sciences & CERE
16.00	Ville Inkinen, University of Gothenburg	Evaluation of market-based environmental offsetting under the US Clean Water Act	
16.30	Bahre Gebru Kiros, Swedish University of Agricultural Sciences	The impacts of water scarcity on health outcomes: an instrumental variables approach	
17.00	Keila Meginnis, University of Glasgow, Ulvön raffle winner 2021	Where are transboundary pollution reductions most valued? Evidence from a bilateral choice experiment on marine plastic reductions	
19.00	Dinner		

Thursday, June 23

	Presenter	Title	Chair
09.00	Anne-Sophie Crépin, Beijer Institute of Ecological Economics & Stockholm Resilience Centre	Cascading regime shifts in pollution recipients and resource systems	Eric Nævdal, Frisch Centre

10.00	Chaitanya Suárez Rojas, TiDES Institute & CERE	Do travelers still want to stay at home? The changing role of Covid-19 travel risk perceptions, emotions, and climate change thoughts	
10.30	Coffee break		
10.45	Samielle Drake, Umeå University	Market response to environmental policy via public procurement: testing the effect of new legislation and green criteria	Tommy Lundgren, Swedish University of Agricultural Sciences & CERE
11.15	David Bilén, University of Gothenburg	Do carbon labels cause consumers to reduce their emissions? Evidence from a large-scale natural experiment	
11.45	Check out		
12.00	Lunch		

12.45 *Departure from Ulvön to Docksta*

14.15 *Arrival at Örnköldsviks airport*

15.30 *~Arrival at Umeå airport*
